MALIBU BLEND PRO

SKU: MALIBU-BLEND-PRO

Diversity is the benchmark feature of all 3D Wave shaped yarn blades. This turf is both remarkably comfortable to the touch and stoically retains its shape after footfall. It's soft yet durable, making it the best of both worlds. This extra stability and deluxe texture is accredited to its very diverse shape. In addition to the aforementioned benefits, the structure of the 3D Wave shape deflects hot UV sunlight, keeping the color more true and the surface temperature cooler.
